Graham Hunt

Graham, 15, is a sophomore at Trabuco Hills High School. He first joined the scouting program at eight years of age as a Cub Scout. He has been in Troop 747 since he began Boy Scouting in April 2006.

Graham's Eagle project was a water conservation project for the town of Mission Viejo. He organized 43 volunteers to measure areas of public land that the City of Mission Viejo irrigates. This information was used to create a water usage map for the city which then could help the city manage its use of water better.

Graham is everything you would hope an Eagle Scout would be. He works hard in school, achieving a 3.8 GPA while taking demanding classes. He enjoys running on the Cross Country team at THHS, serving in the Teachers Quorum at Church, and getting together with friends.

Graham plans to graduate from Trabuco Hills High School, attend a four-year college, and serve a mission for the Church of Jesus Christ of Latter-day Saints. He is a young man well prepared for the adventure of life.

But they that wait upon the Lord
Shall renew their strength;
They shall mount up with wings
As EAGLES;
They shall run, and not be weary;
And they shall walk, and not faint.

Isaiah 40:31

Jeffrey Beckett

Jeffrey, 18, is a senior at Trabuco Hills High School. He first joined the scouting program at eight years of age as a Cub Scout. He has been in Troop 747 since he began Boy Scouting April 2000.

Jeffrey's Eagle project was fulfilling a need at Trabuco Hills High School. Four pegboard easels were constructed to replace a few broken ones the school was using. These pegboard easels are used for events on campus such as Back to School Night and Open House. Poster, signs or directions are hung on the easels to help give information to those visiting the school campus. In sharing with the manager at Home Depot of his desired Eagle project, Jeff was able to have the wood and other materials needed for the project donated. On the day of the project Jeff had approx. 50 scouts, leaders and other volunteers come out to support him as he lead out in directing the construction of these easels which are now being used on campus.

Jeffrey is very responsible and dedicated. He is on his fourth year of taking early morning Seminary and participating in the Water Polo and Swim Team program for THHS. Jeffrey enjoys listening to music, playing water sports, playing rugby, body boarding, dirt bike riding, playing Xbox and getting together with friends.

Jeffrey plans to graduate from Trabuco Hills High School, attend college, and serve a mission for the Church of Jesus Christ of Latter-day Saints.

his education at BYU Idaho, with plans to transfer to BYU Hawaii to study marine biology, oceanography, and oceanographic cinematography.

Landon Gold

Landon Gold, now 18 years old, is a senior at Trabuco Hills High School. Being the first child of parents Steve and Elaine Gold he was born in South Orange County but claims to have been raised everywhere from Southern California to British Columbia, Canada.

Throughout his childhood Landon's parents, who loved and cared for him more than anything they ever wanted, "pushed him in the dirt". Differing from many, his mother encouraged exploration, getting out into nature and becoming part of it. At the age of three Landon was introduced to the exciting world of bike riding on the local mountain trails. This set the tone for his passion in life of the great out doors, picking up loves along the way. He loves to mountain bike ride, fly fish and backpack; going into the wildness with the bare minimum and developing those skills needed to not just survive, but thrive.

For Landon's Eagle Project he incorporated this love by protecting the habitat of an endangered owl species. He organized the construction and placement of eight owl boxes that were hung high in the canopy of the mighty oaks in O'Neill Regional Park. These shelters currently are providing safe nesting spots to the local Barn Owl population and are aiding in the repopulation of this species.

Landon has great love for his family and the Lord. Being a member of the Church of Jesus Christ of Later Day Saints, and leading by example, Landon spends much of his free time serving others. He plans to embark on a 2-year full time mission at the beginning of 2012, after which he will continue

Patrick Carlile

Patrick, 18, is currently a senior at El Toro High School. Patrick's love is Drama. He has been actively involved in drama since he was in 7th grade. He has been in "Once Upon a Mattress," "You Can't Take it With You," "Grease," "The Lion, The Witch and The Wardrobe" and is looking forward to being in the school's spring musical – "Willy Wonka and the Chocolate Factory." He was in "The People vs. Goldie Locks – Constitution Day" which was a movie filmed by the Orange County Department of Education. Patrick also enjoys writing plays and looks forward to someday directing and acting in them.

Patrick has been on the ETHS Comedy Sportz Team since 9th grade and loves to make people laugh. As a freshman, Patrick also became a member of the International Thespian Society. He has lettered in Theater and he has earned a Macy Award, Best Thespian Award, Thespian Honor Cords and he is working toward earning his Thespian Medallion and his 1000 Hour Award.

Patrick plans to serve a mission for the Church of Jesus Christ of Latter-day Saints and when he returns would like to go to college and major in Theater and get married in the temple to "The Future Sister Carlile."

Patrick's Eagle Project consisted of planting trees in front of the El Toro High School Gymnasium. He held a fundraiser and earned enough money to purchase the trees. He organized over 50 volunteers to assist him in digging holes and planting the trees at ETHS.
