

# Celebrating the True Meaning of the Christmas Season

This holiday season witness a living recreation of the story of Christ's birth in the 11th annual presentation of **"Follow the Star: A Living Nativity."** Watch volunteer actors from the community perform in a truly lifelike nativity scene — complete with a lowly manger, live animals, and a bright new star that suddenly appears in the sky high above a rustic stable.

Also see one of the nations largest "Crèche" Exhibits with over 400 unique nativity scenes and their stories from all around the world.
